# The June Sale of Sample Hosiery

The 44th great economy  
 event of its kind, with

69,612 pairs of silk hosiery  
 42,144 pairs of lisle and cotton

For men, women, misses and children  
 including almost every conceivable  
 weave, style, color, quality and weight.

The 111,756 pairs of hosiery in this sale constitute, to the best of our knowledge, the largest quantity of hosiery that has been offered in a single sale within the last several years. It includes the entire sample stock of one of America's best known manufacturers' agents in domestic hosiery. Salesmen's samples, factory samples, and surplus sample stocks of men's, women's and children's hosiery comprise the assortments. The magnitude of the purchase is the reason for our concession. The same reason explains the remarkably low prices that characterize this sale.

Supply all your hosiery needs for summer!

## The silk hosiery

AN EXPLANATION—The hosiery in this group is classified as "run of the mill." This means that in many instances they have very slight defects, such as a thick or thin spot in the weave. These are so slight as to effect neither the appearance nor the wearing quality of the hosiery, and we give our assurance as to their goodness.

## Why the wedding ring?

The daughter of the first Pharaoh, king of Egypt, on the eve of her marriage likened the love which she bore her betrothed to an eternity of happiness, and at the time of solemnizing her marriage vows she signified this endless love by the wearing of a circlet. This, so legend has it, was the origin of the wedding ring.

The wedding ring of to-day carries the same sentiment, and enhances its sentimental value by a rich intrinsic worth. It may be a classic band of plain gold, or an appropriately wrought band of gold or platinum, or it may be paved with diamonds.

Wedding Rings of 14, 18 and 22-karat gold. Also platinum and some set with diamonds.

Prices range from \$3.74 to \$271.88.

## A SALE of hand-woven RUGS for the summer home

Rugs from India, and rugs made by our American Indian make up the collection. Both are eminently appropriate for use in the Summer home; the rugs from India come in cool colorings—dark and light blues, soft tans and grays—and artistic designs adapted from the Chinese. The Indian rugs are really Navajo blankets and include many fine specimens of native weavings. They have unique decorative appeal—their primitive colorings and bold designs are in perfect harmony with the rustic bungalow or cottage. All the rugs are from regular stock and though conspicuously low-priced in the beginning, they have been substantially reduced.
